

# HOW I LIVE UNITED

My name is Brad. Volunteering is a huge part of my life. When I'm not working at Auburn Dental Associates or spending time with my family, I serve my community through United Way and am an active member of Auburn United Methodist Church.

I have been volunteering since I was in fifth grade, right around 20 years. I've discovered that United Way is well organized and has the ability to raise funding and support for vital community programs and services benefiting those who need it most. No matter what your talents are or how small your contribution is, you can make a difference and improve the lives around you.

I've been using my dental services in a local school clinic for the last five years. Every week during the school year, myself and the other volunteers are able to provide dental services for children who could not afford it otherwise. I feel volunteering to improve the lives of others is a part of doing God's work.
