

LIVE UNITED.

**GIVE. ADVOCATE.**  
**VOLUNTEER.**  
**LIVE UNITED**

Young or old, we can all make positive choices to improve our Health and Wellness. As a professional in the NFL, I know the importance of exercise, eating healthy foods and avoiding risky life behaviors. The United Way of Lee County supports programs that help keep children, seniors and adults with disabilities active and productive as well as programs that promote making positive, healthy life choices. Making healthy choices leads to strong bodies and positive mental attitudes. I am **Will Herring**, former Opelika Bulldog, Auburn University Tiger and now a member of the New Orleans Saints. Join me in promoting Health and Independence by supporting the United Way. Together, we can make a difference in our community. Get Involved! Get Active! LIVE UNITED!
